Eccentric and Animal Fun Shoot

How – To - Enter

① — ② — ③ — ④ — ⑤ — ⑥

Introduction

The Fun Shoot will be run using Rifle & Pistol Leagues: https://rifleleagues.co.uk/arc-funshoot

Many clubs will be familiar with the system which runs the NSRA Online Results Portal and several County Association Leagues.

This document is to assist everyone in joining our competition using Rifle Leagues in **6 Easy Steps**.

Clubs who already use Rifle Leagues may start from Step 3 and for those of you who entered the fun shoot in 2025 those members of your clubs who entered will already be saved too.

At this time, all entries must be under the banner of a club rather than an individual shooter. However, if your club does not want to join Rifle Leagues, please contact us at funshoot@altonrifleclub.com - we are able to include you within our guest account but we will need to input the entry details on your behalf.

Results are publicly visible and as such, competitors names are also publicly visible.

This document can be found at www.altonrifleclub.com/funshoot

Contents

Introduction 1

① Create Your Own / Club Account on RifleLeagues.com 2

② Add Your Club to Rifle Leagues 4

③ Join our Organisation: AltonRC FunShoot 6

④ Create / Manage Shooters 7

⑤ Enter our Competition: AltonRC FunShoot 8

⑥ Enter our Competition: AltonRC FunShoot 10

① Create Your Own / Club Account on RifleLeagues.com

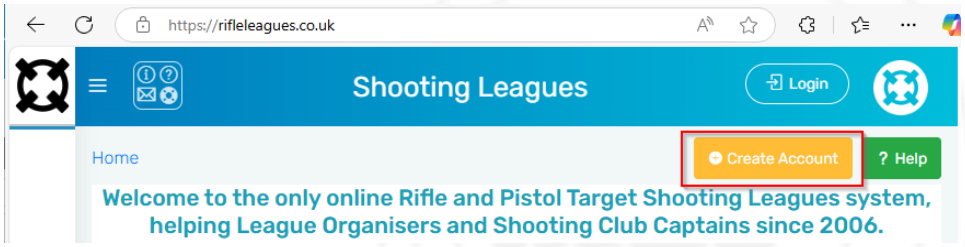
①—②—③—④—⑤—⑥

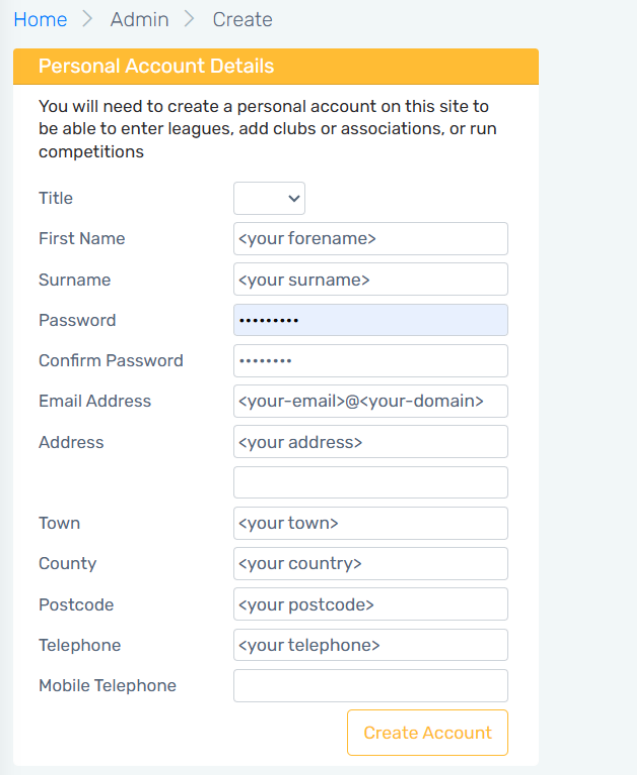
In order for clubs to use Rifle Leagues a "personal" account is first required and this can be a club official using a club email address.

This information is used by Alton Rifle Club's Competition Organiser in order to contact the entering club and send the competition targets, stickers etc.

Our screenshots below will offer examples of entries – please complete all fields

In our example, we have created a specific club account which we will associate to our Club.





Once you have created your account, you can access your **Dashboard** at any time by pressing the button highlighted in red in our screenshot.

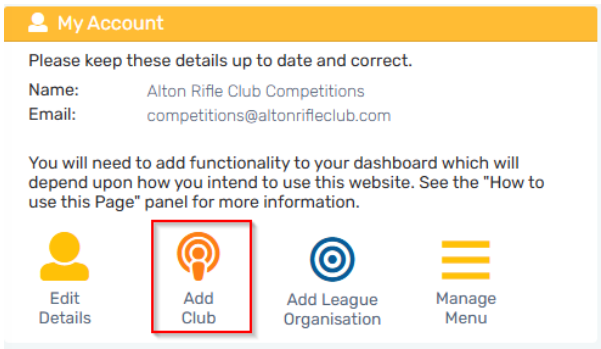
② Add Your Club to Rifle Leagues

●—②—③—④—⑤—⑥

Having completed step one, it is time to add your club to Rifle Leagues.

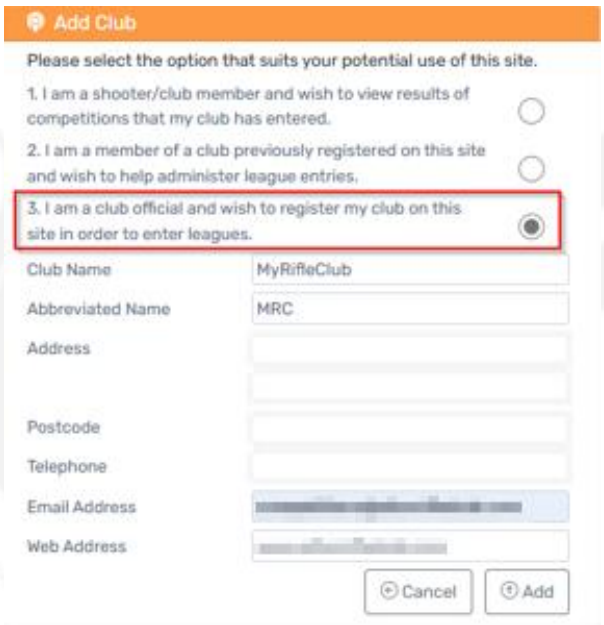
Log in to Rifle Leagues using the account created in step one and you will be presented with your **My Account Panel** in your Dashboard where you may "Add Club" and then register your club on Rifle Leagues. Please follow our screenshots to step through the process.

Add/Create Club:

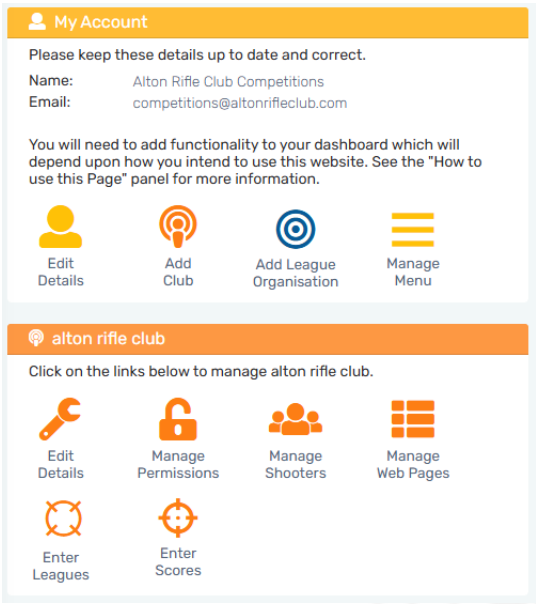


Register your Club

To register your club on Rifle Leagues, use option 3 as in the screenshot and select the name of your Rifle Club. In our example we have used "MyRifleClub" – please enter your own club details



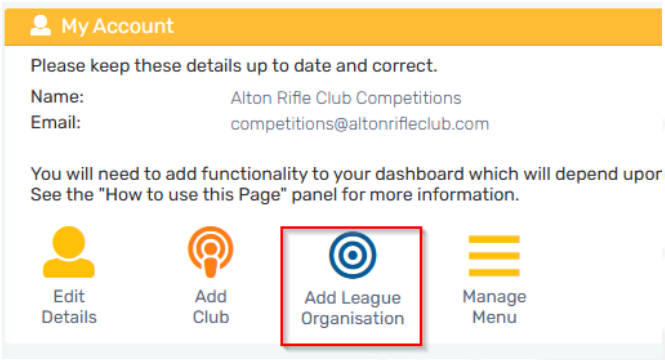
Having registered your club, you will see an orange "Club Panel" on your Dashboard, in this case our screenshot shows the club panel for "alton rifle club", whereas you will see your own club.

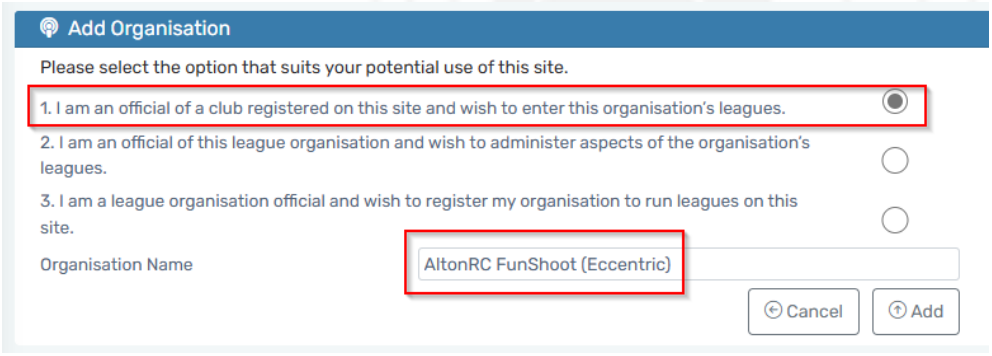


③ Join our Organisation: AltonRC FunShoot

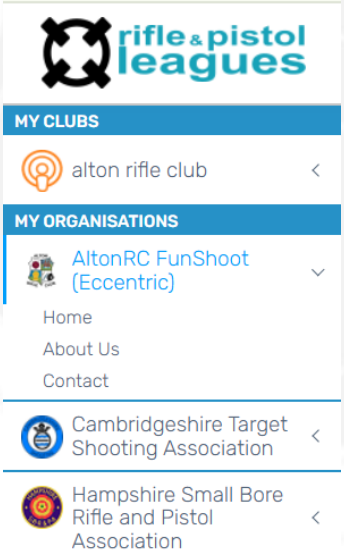
●—●—③—④—⑤—⑥

In Rifle Leagues a competition is run by an Organisation and you need to join our Organisation to be able to see and enter our Competitions. This is done by choosing "Add League Organisation" in your My Account Panel. Our screenshots will guide you through this process.





Once registered, the organisations you have joined will display on the left hand side of the screen, expandable for further information and competition results in due course.



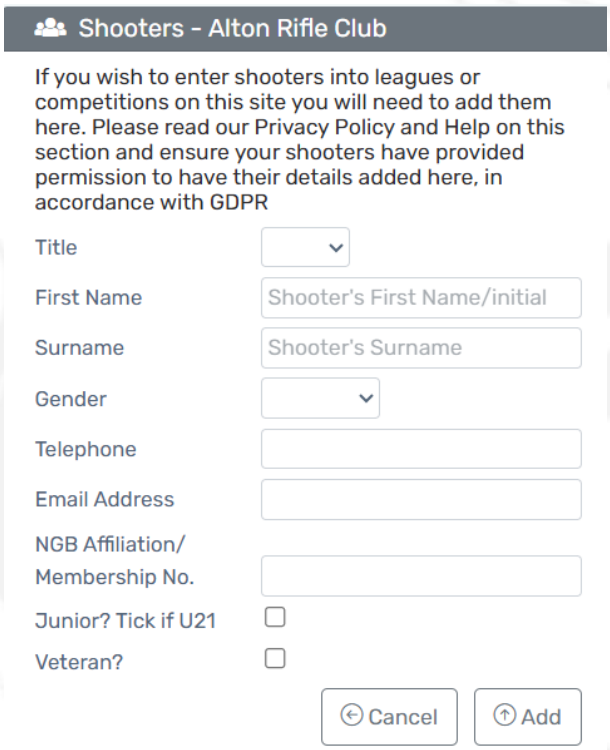
④ Create / Manage Shooters

●—●—●—④—⑤—⑥

You need to add your club's shooters to your club within Rifle Leagues before you can add your shooters to our competition. If you have previously used Rifle Leagues for any other organisations including last years fun shoot, shooters previously created can be re-used.

Your **Club Panel** within your Dashboard has a "Manage Shooters" button.

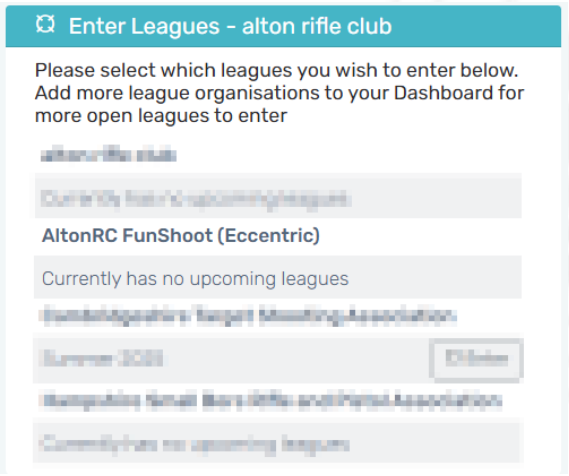
Competitor names will be publicly visible and only the first initial and surname are required but please ensure competitors agree.



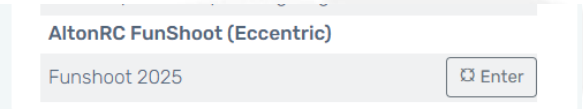
⑤ Enter our Competition: AltonRC FunShoot

To enter our competition, use the "Enter Leagues" button on your Club Panel.

If you try this before our entries have opened you will see the following screen:



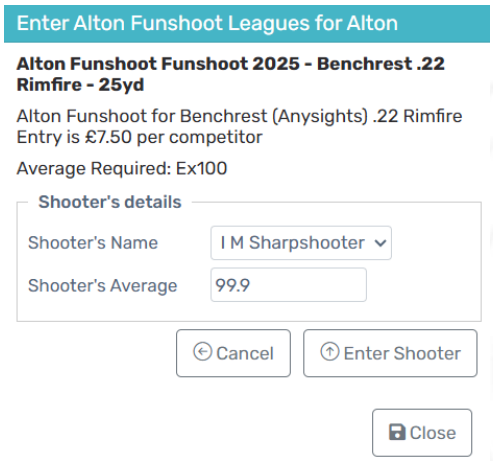
However, once our competition entries are open you will see:



By clicking Enter, you will be presented with the disciplines available within our Fun Shoot:

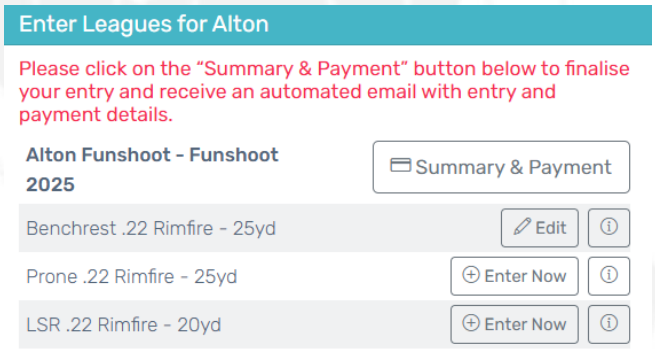
"Enter Now" for the discipline which you would like to enter and you will be displayed a panel with some information about the competition, including the price per entrant and the type of average that should be entered. In our case the average entered will be out of 100.

Please select: 
You will now be able to select one of the shooters you created in the earlier section, enter their average if the field is empty, or leave with the system value from the previous year's competition, and then "Enter Shooter"



As you build your competition the entries will be displayed until you have finished and then you may "Close". This does not submit your entry.

You may edit your entry or enter additional disciplines via "Enter Leagues"



⑥ Enter our Competition: AltonRC FunShoot

To submit your entry that you have created, please press the "Summary and Payment" button in the previous screen. You are presented with a summary of the entry including the fees. Please "Confirm & Send". This will email AltonRC and you should receive an email from Rifle Leagues with payment details. The email address used is the one set for the account that has submitted the entry. Please check your junk folders if you have not received the email. Additionally, please email us to confirm entry and payment to funshoot@altonrifleclub.com
